CONTENT

A1. Two Step Factorisation ……..5, 6

A2. Factorisation of a Quadratic $x^2 + px + q$ ……7, 8

A3. Factorisation of a Quadratic $ax^2 + bx + c$. $a \neq 0$ ……9, 10

A4. Completing the Square: $x^2 + px + q = (x + a)^2 + b$ ……11, 12

A5. Solving Quadratic Equations by Rearranging …….……13, 14

A6. Forming Quadratic Equations with the given Solutions ...……15, 16

A7. Equations with Fractions. Worksheet 1 ….……17,18

A8. Simple Logarithmic Equations ……..19, 20

A9. Simplifying Logarithms ……..……..21, 22

A10. Exponents with Fractional and Negative Indices 1 …… 23, 24

A11. Exponents with Fractional and Negative Indices 2 ……. 25,26

A12. Rearranging Rational Expressions ……...……... 27, 28

A13. Rearrangements of Expressions Involving Exponents ……...…….29, 30

A14. Expending Three Sets of Brackets ……... 31, 32

M1. Simplifying Algebraic Fractions. Worksheet 1 ……. 33, 34

M2. Simplifying Algebraic Fractions. Worksheet 2. …… 35, 36

M3. Simplifying Algebraic Fractions. Worksheet 3…….. 37, 38

M4. Equations with Fractions. Worksheet 2 …….……....39, 40

M5. Solving Exponential Equations without Involving Logarithms …..…….. 41, 42

M6. Solving Exponential Equations Using Logarithms …….…….. 43, 44

M7. Solving Logarithmic Equations ……45, 46

M8. Applications of the Properties of the Discriminant. Worksheet 1……...47, 48

M9. Solving Equations with Square Roots ……49, 50

M10. Finding the Equation of a Parabola. Worksheet 1 ……....51, 52

M11. Finding the Equation of a Parabola. Worksheet 2 ……53, 54

E1. Harder Equations Leading to Quadratics. Worksheet 1. ……..55, 56

E2. Harder Equations Leading to Quadratics. Worksheet 2. ……..…57, 58

E3. Harder Equations Leading to Quadratics. Worksheet 3. ……..59, 60

E4. Harder Equations Leading to Quadratics. Worksheet 4. ……..……61, 62

E5. Rearrangements of Formulae Using Logarithms. ……...63, 64

E6. Using Quadratic Formula. Worksheet 1……..65,66

E7. Quadratic Equations. Ratio of Roots. ……..67, 68

E8. Using Quadratics Formula. Worksheet 2. ……69, 70

E9. Using Quadratics Formula. Worksheet 3. ……71, 72

E10. Applications of the Properties of the Discriminant. Worksheet 2. ……...73, 74

E11. Applications of Parabolas. Worksheet 1. ……..75, 76

E12. Applications of Parabolas. Worksheet 2……..……77, 78
